

Job description

Business Units: Business Operation Service

JOB TITLE:	Finance Assistant Manager
GRADE:	3 Professional
REPORTING TO (ROLE):	Direct: CEO
MAIN PURPOSE OF JOB:	The Finance Assistant Manager plays a crucial role in managing the company's financial planning, budgeting, cash flow, and financial reporting. This position supports the CEO in analyzing financial data, ensuring compliance with financial regulations, and providing strategic insights to drive business performance. The role requires strong analytical skills, attention to detail, and the ability to work collaboratively across departments.
KEY ACCOUNTABILITIES:	1. Cash Flow & Liquidity Management • Plan and manage cash flow to ensure adequate liquidity for short-term and long-term business operations. • Monitor and control cash inflows and outflows, optimizing cash management strategies. • Evaluate short-term investment opportunities and debt instruments to maximize company returns. 2. Budgeting & Financial Planning • Assist in preparing the annual budget and financial forecasts. • Track budget utilization and provide variance analysis reports to management. • Work closely with other departments to align financial planning with business goals. 3. Financial Analysis & Investment Evaluation • Conduct financial analysis on business projects, investments, and cost-saving initiatives. • Assess the feasibility of new investment opportunities using financial models (e.g., NPV, IRR, ROI). • Provide recommendations based on data-driven financial insights.

	4. Financial Reporting & Compliance • Prepare financial reports, including cash flow statements, budget reports, and financial performance analysis. • Ensure compliance with accounting standards, tax regulations, and company policies. • Assist in audits and liaise with external auditors when necessary. 5. Risk Management & Internal Control • Identify financial risks, such as interest rate fluctuations and currency exchange risks. • Implement risk mitigation strategies, including hedging and financial controls. • Ensure strong internal control processes to prevent fraud and financial discrepancies. 6. Banking & Financial Coordination • Manage relationships with banks and financial institutions for loan applications, credit facilities, and investment discussions. • Monitor loan disbursements, interest rates, and financial costs to optimize debt management.
EXPERIENCE AND QUALIFICATIONS:	Education & Experience • Bachelor's degree or higher in Finance, Accounting, Economics, or a related field. • 3–5 years of experience in financial analysis, budgeting, and cash flow management. • Experience working in financial planning, investment evaluation, or corporate finance is a plus. Technical Skills • Proficiency in financial modeling and investment analysis (NPV, IRR, Payback Period). • Strong Excel skills (Pivot Tables, Financial Formulas, VBA is a plus). • Experience with financial software or ERP systems (SAP, Oracle, or equivalent). Soft Skills & Competencies • Strong analytical and problem-solving skills.

	• Excellent communication and presentation skills. • Ability to work under pressure and manage multiple tasks effectively. • Detail-oriented and capable of identifying financial risks and opportunities. Preferred Qualifications (Nice to Have) • Experience in multinational corporations (MNCs) or large enterprises. • Knowledge of business intelligence tools such as Power BI or Tableau. • Experience in working with regulatory agencies and external auditors.
